NARCPOLICY

Both the House and Senate are now in their August District Work Period (Congressional Recess) and will not return until September 13/14, 2010.

Federal Agencies Preparing FY2010 Budget Proposals: Federal departments and agencies are working on their initial fiscal year 2010 budget proposals, which must be submitted to the White House Office of Management and Budget (OMB) by September 13, 2010. These proposals must reflect a five percent reduction from the president's FY11 request per non-security domestic agency. This will help inform the president's annual budget, which will be sent to Congress in a full package in February 2011. Congress has yet to enact any of the spending bills for FY11, which starts October 1, 2010; therefore, federal agencies do not know their upcoming funding levels. Click [HERE](#) to view fact sheets that list the president's FY11 budget requests by agency. Click [HERE](#) for a Congressional Research Service report on the basics to the federal budgeting process.

Federal Task Force Report on Clean Coal Technology: The federal [Interagency Task Force on Carbon Capture and Storage \(CCS\)](#) issued a report to President Obama that identifies a cap on carbon emissions as a factor for widespread deployment of "clean-coal" technology. The report determines that national climate policy to reduce greenhouse gas (GHG) emissions is "the most important step for commercial deployment of low-carbon technologies (e.g. CCS), because it will create a stable, long-term framework for private instruments." Click [HERE](#) to read the executive summary and the full report.

Support Livable Communities: Both the House ([HR 4690](#)) and Senate ([S1619](#)) have bills supporting the regional role in building livable communities with their local governments. The legislation seeks to reinvigorate regional comprehensive planning and implementation for regions of all sizes and make ups. We urge all regional planning organizations and their boards of local elected officials to send letters of support to your Congressional delegation urging their endorsement by showcasing the on-the-ground benefits of this legislation for your region. Click [HERE](#) for a summary of the bills and click [HERE](#) for an FAQ. Click [HERE](#) to access a letter for your region to personalize. For more information or assistance with an endorsement, please contact Shannon Menard at Shannon@NARC.org or 202.986.1032 x217.

Support RIIZs: [Regional Infrastructure Improvement Zones \(RIIZs\)](#) are an important tool for infrastructure financing. NARC continues to work on RIIZs in both chambers of Congress, as well as with members and association

partners to raise awareness and support of this innovative public-private partnership concept. Click [HERE](#) for a RIIZ FAQ. If you are interested in sending a support letter to your Members of Congress, please click [HERE](#) for a draft letter. A draft support resolution is also available by clicking [HERE](#). For more information, please contact Shannon Menard at Shannon@NARC.org or 202.986.1032 x217.

USDA Announces Hunger-Free Communities Grants - *Deadline: September 1, 2010*

The U.S. Department of Agriculture (USDA) released a request for proposals for Hunger-Free Communities grants, which invest in research, planning and various hunger relief activities to help end hunger in America. The Food, Conservation and Energy Act of 2008, also known as the Farm Bill, authorizes \$5 million in funding to deliver help to Americans in need. Through the grants, USDA's Food and Nutrition Service seeks strategies that support the creation of Hunger-Free Communities by funding activities including food distribution, community outreach, resource development and other methods to make food more accessible to those most in need. The program includes Planning and Assessment Grants (\$1 million) to evaluate food insecurity in communities and develop strategies to become hunger-free and Implementation Grants (\$4 million) for communities that already have a plan

to end hunger and need resources for program implementation. Additional information about the grants and the application process is available [HERE](#) and at www.grants.gov.

EDA Announces of Funding Opportunity for Public Works Infrastructure Improvements and Planning - *Deadline: September 30, 2010*

EDA will provide Public Works investments to support the construction or rehabilitation of essential public infrastructure and facilities necessary to generate or retain private sector jobs and investments, attract private sector capital, and promote regional competitiveness, innovation, and entrepreneurship, including investments that expand and upgrade infrastructure to attract new industry, support technology-led development, accelerate new business development and enhance the ability of regions to capitalize on opportunities presented by free trade. Additional details and a link to the announcement are available by clicking [HERE](#).

UPCOMINGEVENTS

August 18 Webinar, 1:00-2:30pm ET: Talking Freight, hosted by the U.S. DOT, will hold its next webinar on August 18th on Freight Performance Measures. The session will discuss potential impacts on both public and private stakeholders. For more information or to register, click [HERE](#).

August 24, Webinar, 2:00-3:00 pm ET: REMI, a NARC Corporate Partner, (Regional Economic Models, Inc.) is pleased to host a webinar with Dr. Bansari Saha, Senior Economist at ICF International. He will present results from a recent study on the economic impacts of the Midwestern Greenhouse Gas Reduction Accord (MGGRA). The MGGRA covers seven member jurisdictions, including six U.S. states and also includes three additional US observer states. Results from this study shed light on the state- and sector-level distributional impacts of the regional GHG reduction program and helped shape the model rule. This webinar will be offered at no charge via the WebEx Internet Conferencing System. Advanced registration is required; please click [here](#) to register.

September 7-9, Rehoboth Beach, DE: SAVE THE DATE! The states and UASI's of the All Hazards Consortium, in conjunction with FEMA Region II and III Regional Emergency Communications Coordination Groups, will be hosting a Regional Public Safety Communications and Interoperability Workshop.
