June 3-6, 2018

Wyndham Lake Buena Vista Hotel at Walt Disney World
Orlando, Florida

CONFERENCE HOSTED BY

metroplan orlando

A REGIONAL TRANSPORTATION PARTNERSHIP

SPONSORSHIP OPPORTUNITIES

ABOUT THE EVENT

How do regions across the country come together to create a vision and turn it into a reality? The National Association of Regional Councils (NARC) has a rich history of connecting regions, sharing best practices, and helping decision-makers build a national network of peers through its annual conference – all with the goal of helping attendees take home information they can use to make their areas successful.

At the NARC 52nd Annual Conference and Exhibition in Orlando, Florida from June 3-6, 2018, regional leaders will gather to discuss how effective planning and collaborative governance can help achieve a spectrum of social, economic, and environmental sustainability goals.

With the help of this year's host, MetroPlan Orlando, this conference will promote effective solutions to regional challenges through education and dialogue. This will be done with our members and business partners who are engaged in building tomorrow's markets.

MetroPlan Orlando leads transportation planning efforts in Orange, Osceola, and Seminole Counties, where they work with elected officials, industry experts, business leaders and the community to shape the region's future transportation system. As the federally-designated metropolitan planning organization (MPO) for Central Florida, MetroPlan also sets the region's priorities and determines how federal and state transportation dollars are spent.

Why should my organization sponsor this event?

A number of sponsorship opportunities are available with this conference. A sponsorship will do more than raise your company's visibility. It also will let you exchange information directly with elected officials and senior staff members of regional organizations and local governments from throughout the nation.

You'll also receive the opportunity to build and sustain relationships based on an understanding of key issues and to help with addressing challenges facing regions across the country.

Who will be attending the conference?

Conference attendees will be elected officials who serve on the policy boards of regional councils, metropolitan planning organizations and economic development entities, and senior executive staff members.

This year, we expect about 250 representatives from across the nation to attend the annual conference.
