TRANSPORTATION THURSDAYS

DIRECTOR'S NOTE

Thank you to everyone who attended NARC's 51st Annual Conference and Exhibition in Monterey, California! We had a great week learning from and engaging with each of you. We look forward to seeing many of you at the 2017 Executive Directors Conference in San Antonio, Texas from October 22-24.

We will resume our normal Transportation Thursdays schedule next week, but wanted to share with you a webinar on which NARC is a participant.

New Approaches to Support the Next Generation of Scenario Planning in Transportation

June 14, 1:30 – 3:00 PM ET

This webinar, presented by the FHWA & Eno Center for Transportation, will highlight the key chapters of the new publication from FHWA entitled "The Next Generation of Scenario Planning – A Transportation Practitioner's Guidebook" as well summarize the findings of a synthesis report from the National Association of Regional Council's that surveyed 24 regional entities on their use of scenario planning. Finally, the webinar will also include a plenary discussion with key speakers to highlight some of the driving trends and issues facing MPOs and DOTs for which a scenario-based planning approach could be beneficial. NARC's Transportation Director Erich Zimmermann will be speaking.
