### 2013 NATIONAL CONFERENCE OF REGIONS

FEBRUARY 10-12, 2013

THE RITZ-CARLTON HOTEL  
WASHINGTON, DC

**REGISTER TODAY!**

#### **Message from Chair Sean Dey, Executive Directors Council:**

I encourage all my colleagues from around the country to attend the National Conference of Regions (NCR) to be held in February, 2013 in Washington D.C. In addition to participating in NARC's standing committees and having input into our national association's policy making process, the agenda provides an opportunity to get updates on legislative issues important to regional councils. In addition, we have planned a session to present the NARC White Paper titled "*A Vision for the Future of Regions*", which continues the dialogue we began at the Executive Directors Conference (EDC) in Boise, Idaho. Other informative and educational sessions are also planned. Further, the conference offers us an opportunity to network and have a dialogue with our colleagues and friends. Hope to see you in Washington at the NCR, Sean

new Congressional delegation, discuss the federal budget and hear implications for what the budget and sequestration mean for your regional programs. This may be the most important National Conference of Regions held – focusing very specifically on sequestration and the federal budget. Register today – don't miss this opportunity!

Additionally, we have also released the agendas for our upcoming MAP-21 meetings. Click [HERE](#) to access the agendas and registration information.

We look forward to seeing you soon.

Best,  
Fred

## **POLICY**UPDATE

**Senate Democrats Approve Committee Membership:** Last week the Democratic Steering Committee approved committee assignments and designated leadership for the 113th Congress. The committee membership list, available [HERE](#) will be up for full Senate approval in January. The Senate Republican Conference has not yet released its committee membership list for the next Congress.

### **Senate Agriculture Committee Chair to Champion Farm Bill**

**Reauthorization in February:** The Senate Agriculture Committee would again take up Farm Bill reauthorization discussions as soon as February. Reauthorization of the 2008 Farm Bill is currently operating under a nine-month extension included in last-week's fiscal cliff deal. The current extension curbs mandatory funding guidelines for rural development, renewable energy and farming incentive programs supported by the Campaign for Renewed Rural Development as well as continues direct payments to producers that the Senate-backed measure eliminated. The full interview with Senator Stabenow on the Farm Bill is [HERE](#).
