**Filing Deadline: Friday, March 26, 2021, 5:00 pm**

<b>The Position</b>	The Stanislaus Council of Governments (StanCOG) is seeking a qualified Professional Civil Engineer with experience in transportation planning and engineering, project management and in the design and construction of public works projects, with an understanding of federal and state funding and programming, to lead the implementation of the agency's transportation sales tax program, Measure L, by providing oversight and input on the delivery of priority regional and local projects in the Stanislaus region in coordination with our member agencies.
<b>Ideal Candidate</b>	<ul style="list-style-type: none"> <li>• A demonstrated project manager with a record of project delivery success working with transportation agencies, Caltrans and local governments;</li> <li>• An initiative taker who can follow through in a timely manner on detailed assignments;</li> <li>• A strategic thinker and resourceful problem solver;</li> <li>• An enthusiastic, positive team player with effective interpersonal skills necessary to collaborate with other government agencies, staff and the public; and</li> <li>• An effective communicator with good writing and oral presentation skills and experience dealing with the public.</li> </ul>
<b>Education &amp; Experience</b>	<ul style="list-style-type: none"> <li>• Education: A Bachelor of Science degree in Civil Engineering;</li> <li>• Experience: Minimum of three years' experience in transportation engineering; increasingly longer experience required for appointment at higher level; and</li> <li>• Registration as a Civil Engineer in California required.</li> </ul>
<b>Duties</b>	<ul style="list-style-type: none"> <li>• Project manager for the most complex projects that StanCOG is responsible for delivering under the Measure L program, the State Transportation Improvement Program, and other programs in coordination with Caltrans and other partner agencies;</li> <li>• Review and provide assistance to member agencies on the design of local projects to maximize the use of the innovative and effective safe street designs to reduce injury collisions and fatalities, while facilitating walking and bicycling and improving traffic flow;</li> <li>• Oversee consultant or contractor work such as requests for proposals, consultant selection documentation or advertisements for bids, instructions to bidders, and detailed specifications; reviewing and providing feedback on consultant deliverables; reviewing invoices;</li> <li>• Prepare (or oversee consultant preparation of) preliminary studies, reports, designs, calculations, cost estimates, maps, and plans;</li> </ul>

	<ul style="list-style-type: none"> <li>• Participate in project development team meetings with local agency representatives and planning partners;</li> <li>• Make presentations before public, government decision-making bodies;</li> <li>• Lead and prepare documents such as staff reports, consultant scopes of work, Measure L Annual Report and Strategic Plan.</li> </ul>
<b>Qualifications</b>	<ul style="list-style-type: none"> <li>• Experience with project management and delivery of transportation projects from inception to opening, including transportation planning studies and infrastructure projects, project initiation documents, environmental review, engineering design, preparation of plans and specs, construction management and construction;</li> <li>• Knowledge of and experience with Caltrans project development requirements, state and federal procurement processes, and local, state and federal funding programs;</li> <li>• Ability to communicate effectively in writing, including preparation of staff reports, studies, and plans utilizing technical and statistical information, computer systems and transportation-related software applications;</li> <li>• Ability to convey complex engineering information and transportation data into easy-to-understand oral presentations before members of the public, governing bodies and the StanCOG Policy Board;</li> <li>• Experience with community outreach and engagement; ability to interact with people of different racial, ethnic and socioeconomic backgrounds; ability to present to a diverse range of communities.</li> </ul>
<b>Benefits</b>	StanCOG offers an excellent benefit package including retirement benefits, health benefits, vacation and sick leave, a flexible schedule and more!
<b>About StanCOG</b>	StanCOG is the federally-designated Metropolitan Planning Organization (MPO), state-designated Regional Transportation Planning Agency (RTPA), and Local Transportation Authority (LTA) for the Stanislaus region of Northern California. StanCOG provides the forum that brings mayors, city council members and county supervisors together to work on regional transportation issues in a setting that promotes the involvement of the public in the planning and project delivery process. With the passage of the Measure L transportation sales tax in November 2016, StanCOG became a 'self-help county' and is focused on administering an approximately \$960 million program of projects for transportation needs over 25 years within Stanislaus County from 2017-2042.
<b>Application Process</b>	Email your resume, cover letter and application (available at <a href="http://www.stancog.org/employment/">www.stancog.org/employment/</a> ) to <a href="mailto:HR@Stancog.org">HR@Stancog.org</a> .  For further information, please contact Human Resources at 209-525-4634.
