

Transportation Planner/Senior Transportation Planner

(Depending upon qualifications)

The Ocala Marion Transportation Planning Organization (TPO) is located in Ocala, FL. The TPO serves an area of 375,000 in north-central Florida. The TPO is seeking to fill either a Senior Transportation Planner or Transportation Planner, depending upon qualifications. Located in a growing and thriving community, this position will provide opportunities to be involved in a wide variety of transportation programs and projects. Pending the outcome of the 2020 Census, the TPO anticipates becoming part of a Transportation Management Area (TMA).

Transportation Planner: The position includes involvement with the core transportation planning responsibilities of the TPO, database and mapping support, researching planning projects and conducting studies. Work is performed under the general supervision of the TPO Director.

Senior Transportation Planner: The position involves oversight and support of key TPO transportation programs and processes, transportation planning studies, committees and technical analysis. Work is performed under the general supervision of the TPO Director.

Position descriptions and salary ranges are available at the Marion County Human Resources Employment Opportunities page. The position is open until filled.
