ASSOCIATE INFORMATION
SYSTEMS ANALYST

Annual Salary Ranges: $72,142 to $111,820
First Review of Applications: December 3, 2021 – Open until filled
Expected Start Date: January 2022

Role

The Information Systems Analyst will be instrumental in assisting the Senior Information System Analyst in delivering IT solutions for SANDAG's business needs. This position is responsible for monitoring, maintaining, upgrading, implementing, and troubleshooting servers, networks, cloud services, applications, workstations, and peripheral devices under the guidance of the Senior Information Systems Analyst. The primary focus of this position is customer service through technology delivery and maintenance. The candidate selected for this position will be expected to work in-person in the San Diego office.

Experience and Qualifications

The minimum education, training, and experience qualifications include a bachelor's degree with major course work in computer science, information technology, and at least three years of progressive career development supporting network, security, and virtual environments. Training and/or certification a plus. A combination of relevant education and recent work experience may be considered in lieu of a degree.

Benefits and Salary

Our benefits include health, dental, and vision insurance as well as employee assistance, wellness, and work/life balance programs. Retirement and financial security benefits are provided through a pension plan and contribution to the SANDAG deferred compensation program. SANDAG offers flexible work schedules and employees are provided with paid time off and paid holidays. The candidate selected for this position will be expected to work in-person in SANDAG's San Diego office.
