

Senior Transportation Planner

INCOG, the Metropolitan Planning Organization (MPO) for the Tulsa Urban Area is seeking a **Senior Transportation Planner**. The successful candidate will possess robust technical and analytical skills and strong communication skills.

The Senior Transportation Planner will perform technical planning duties, including travel demand modeling, multimodal safety analyses, performance measurement and reviewing emerging technologies. There will be opportunities to participate in INCOG's annual project selection process and to assist partner agencies with project development on major transportation projects. The successful applicant will demonstrate the ability to work well with other professionals, be proficient with the technical aspects of regional transportation planning, meet deadlines, and communicate well.

The position requires thorough knowledge of:

- Principles and practices of transportation planning,
- Federally mandated transportation planning requirements (23 USC 134),
- Travel demand modeling (CUBE),
- Geographic information systems (GIS),
- Intelligent transportation systems (ITS),
- Congestion management,
- Asset management,
- Air quality modeling (MOVES), and
- Data analytics.

Minimum qualifications: A master's degree in urban planning or traffic engineering is required. A minimum of five to ten years' experience in a comparable position at a state department of transportation, metropolitan planning organization, city or consulting firm is required. The annual starting salary is anticipated to be \$66,500-\$82,000; specific compensation will be based on qualifications and experience. Comprehensive health and retirement benefits package included.

About INCOG: The Indian Nations Council of Governments (INCOG) is a voluntary association of local and tribal governments in the Tulsa area and is responsible for a range of services, including Transportation Planning & Programs, Energy & Environmental Sustainability, Community & Economic Development, Area Agency on Aging, and Public Safety. INCOG is the designated Metropolitan Planning Organization (MPO) for the Tulsa Urban Area.

About Tulsa: With 413,066 residents, Tulsa is the second-largest city in the State of Oklahoma and the 47th largest in the USA. The Tulsa Urban Area has 722,810 residents. Tulsa is situated on the Arkansas River between the Osage Hills and the foothills of the Ozark Mountains in northeast Oklahoma, a region of the state known as "Green Country." Considered the cultural and arts center of Oklahoma, Tulsa houses two art museums, full-time professional opera and ballet companies, and one of the nation's largest concentrations of art deco architecture.

Please submit a resume detailing employment history, experience, education, contact information. Also include a cover letter that explains why you are interested and qualified for this position to: Personnel Director, INCOG, 2 W 2nd Street, Suite 800, Tulsa OK 74103, or e-mail to resumes@incog.org.
